

Part No.

 **QTHA-BLS0-HC**

# QTHA-BLS0-HC

*Block & bleed valve - male Quick-test inlet x female Quick-test outlet, S.S.*

Keep a calibration system pressurized with a fluid or gas while venting the pressure from the device being calibrated

## Specs/Attributes

|                           |                                                                    |
|---------------------------|--------------------------------------------------------------------|
| Country of origin         | USA                                                                |
| Harmonized Code           | 8481.20.0080                                                       |
| Has Block Valve           | Yes                                                                |
| Has Vent Valve            | Yes                                                                |
| Materials                 | Stainless Steel                                                    |
| Max Operating Temperature | 225 °F / 105 °C                                                    |
| Max Pressure              | 5000 PSI / 350 bar / 35 MPa                                        |
| Min Operating Temperature | 0 °F / -18 °C                                                      |
| Seal Materials            | Buna-N                                                             |
| Connector End 1           | Male Quick-test                                                    |
| Connector End 2           | Female Quick-test                                                  |
| Weight                    | 11.17 oz / 315 grams                                               |
| Dimensions                | H: 3.57 in (9.07 cm) x W: 2.31 in (5.87 cm) x D: 2.31 in (5.87 cm) |
